

Used Rack ready OB Trailer – 3G-Cabled – ready to customize

Facts of the “Rack ready” OB Trailer:

The trailer was built in 2009 in Germany

“Rack ready” OB Trailer has been used as an OB and data center for motor-racing productions (like DTM – Deutsche Tourenwagen Meisterschaft)

**Up to 12x camera chains have been used for that
13x Working positions**

**The OB brings a solid base to work as an OB Trailer in the future
The room layout can be changed to your needs**

3G Cabled – according to current layout

3x 32 A / CEE Power Supply

Redundant 2x 20 kVA UPS - Multimatic, MD-X Serie – Very powerful

Hisense & Fuji Air Condition with 6x circles – Serviced in 2025

Not included in the OB Trailer – on request:

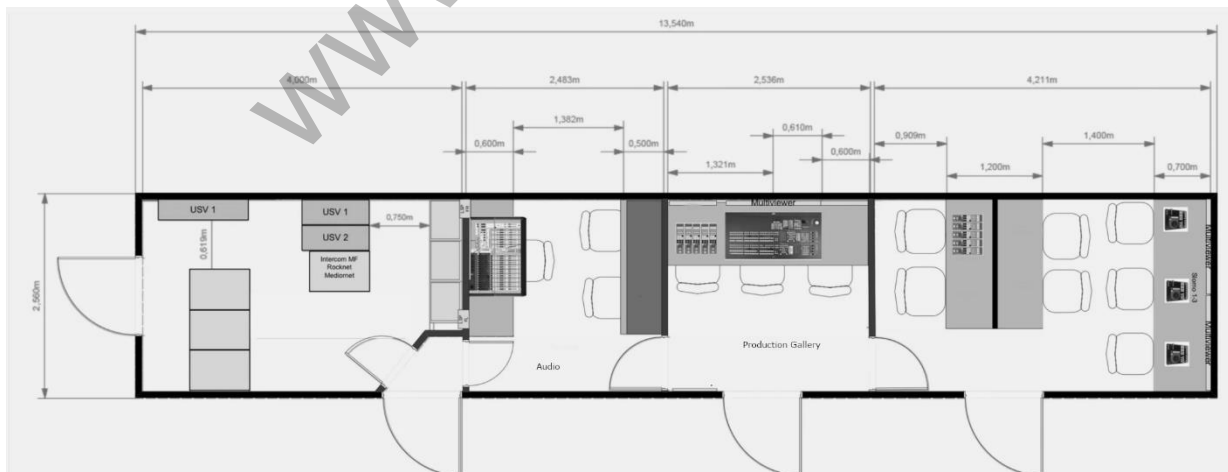

Video and Audio Mixers, Intercom System, VSM control system, Camera chains, Lenses, Tripods, EVS systems, Recording machines, camera cables etc.

Description of the OB:

This OB has been used as HD 1080p OB Trailer precabled for up to 12x camera chains and was used as a data center for race control of international motorsport events (Like DTM). It is completely cabled in 3G according to the room layout plan. To use this trailer as a standard OB, you might want to make some changes in room layout and cabling – but this trailer is a very good base to build a standard OB for up to 12x camera chains.
